<b>Policy Type: Behaviour</b>		

## RATIONALE

At Gilson College we foster a culture where respectful, responsible and resilient behaviour promotes excellence in a Christian environment. With this in mind corporal punishment is not permitted at Gilson College under any circumstances.

The College has adopted the Positive Behaviour for Learning (PB4L) Framework, which is used throughout the College. PB4L is founded on building positive behaviour through intrinsic engagement rather than external motivation. The numeral four is used to represent the importance of all four areas of learning and personal development: Mental; Social; Physical; and Spiritual.

## GENERAL

1. As required by law no form of corporal punishment (hitting, etc.) is sanctioned at Gilson College. As much as possible the Student Behaviour Policy endorses consequences rather than punishments.
2. The PB4L Framework at Gilson College – Taylor's Hill centers around three core values from which all other behaviours radiate: Responsibility; Respect; and Resilience.
3. The general behaviour expectations that emerge from these core values are made explicit through Behaviour Matrix charts based on location displayed throughout the campus.
4. The behaviour management Framework focuses on identifying and acknowledging positive behaviours to reinforce and encourage them.
5. While mistakes can always be made, consequences for poor behaviour choices will be used to encourage students to learn from their poor choices.

## IMPLEMENTATION

1. The implementation of PB4L follows three phases:
  - Phase One fidelity is attained when over 80 percent of students and staff at the College know the three behavioural values and have had some experience in their application;
  - Phase Two fidelity is achieved by the identification of at-risk locations and/or groups of students, and interventions implemented to help deal with these locations and/or groups;
  - Phase Three fidelity is evident by the identification of inappropriate behaviours of at-risk students and personal intervention programs put in place to assist them in dealing with their behavioural issues.
2. **PB4L Phase One** is planned and implemented by the Tier One team. The team members include representatives from:
  - Administration;
  - Primary teachers;
  - Secondary teachers;
  - Primary specialist area teacher;
  - Non-teaching staff member;

- Chaplain;
- Student;
- Parent.

3. **PB4L Phase Two** is planned and implemented by the Primary and Secondary PB4L Tier Two teams. These teams are made up of the Primary and Secondary level leaders and led by each Head of School, or his/her representative.
4. **PB4L Phase Three** is planned and implemented by the leadership and student welfare teams.

**Criteria for Entry to Tier 3:**

- Major Behaviours that have been unresolved by Tier 2 interventions or that require specialised supports;
- Major Behaviours occur around student wellbeing, learning and/safety that need wrap around supports;

    - i. Utilise resources to support PTR plan.
    - ii. Natural and specific supports provided (includes support from parents, guardians or family).
