

BUS FEES - 2024

Transport

Four dedicated school buses are in service to facilitate student transportation to and from school. With the introduction of the new bus service, direct pick-up from home addresses is not an option. Nonetheless, coordinating with the Bus Coordinator allows for the arrangement of alternative pick-up points that align with the established route schedule.

Discounts are given when a number of children from the same family travel from the one pick-up point. Fee discounts do not apply to bus fees under any circumstances.

School and bus fees are billed to separate accounts and have different payment options. In order to travel on the school buses, your bus and school fees must be up to date at all times throughout the year. Term bus fees must be paid within **two weeks** of the invoice date.

It is a requirement for all of our services to Officer, that a Conveyance Form is completed every year.
